Subject: On the presentations that you are giving in Pasco next week
Attachments: R10 Pesticide Water Meeting Draft Agenda for Sept 2018 Mtg Pasco (1).docx

Dear all -

I wanted to check with you about the following. You had told me that you wanted better coordination on our pesticides presentations.

I was just sent this meeting agenda from my folks.

I see that you re talking about the BiOp.

I also see that you are also talking about the BiOp comments. You told me that it would take you into October to analyze these comment so I am a bot confused about what will you be saying at this point.

We are talking about about the RPA/RPMs in the BiOp.

Since I do not want at debate over the BiOp - and you should not either - in this forum can you please let me know what you will be talking about please?

Cathy T.
